VOLUNTEER EXPERIENCE

Santa Ana Zoo, Santa Ana, CA

April 20XX- Present

Volunteer

- Enhance guest engagement and education by teaching audiences of all ages about specialized zoo areas, including special exhibits and school programs.
- Support wildlife conservation initiatives through hands-on participation in education programs, animal observations, and outreach activities.

TUTORING EXPERIENCE

University of California, Irvine, CA

March 20XX - Present

Learning Assistant; Intro to GIS

- Streamline course instruction by assisting students with technical troubleshooting, lab assignments, and project development while reinforcing core concepts in geospatial data management and visualization.
- Facilitate student comprehension and academic success by providing one-on-one and group discussion sessions with 40+ students, clarifying complex course concepts, and adapting teaching methods to accommodate diverse learning styles and abilities.

PROJECTS

Sustainable-Transit, Santa Ana, CA

September 20XX - June 20XX

Co-Leader

- Led a group of 5 students in developing a comprehensive transit-oriented plan for 15-acre underutilized site, coordinating research tasks, facilitating weekly meetings, and ensuring timely delivery of final presentation to community stakeholders.

Orange County Parks, Orange County, CA

January 20XX - March 20XX

Team Member

- Conducted spatial analysis and site suitability assessment for Orange County parks using GIS tools to evaluate zoning demographics, and environmental constraints.
- Developed comprehensive planning recommendations including land use strategy policy proposals, and visual presentations to address the lack of access to clean, green spaces.

SKILLS: GIS, Excel, R, Adobe Suite, UrbanFootprint
