About the Organization:

The Placentia Library provides English literacy and computer literacy tutoring for adults. The English literacy program provides
weekly tutoring for adult learners that speak English as a second language. The computer literacy program provides tutoring
for adults who would like assistance with basic computer needs. The goal of this program is to pair adult learners with tutors
who can meet weekly to become more familiar with computers and the internet to improve computer skills overall.

✓ Weekend nights

About the Field Study Placement

Students work under the supervision of the Adult Literacy Coordinator and will be paired one-to-one with an adult learner and may also assist with Conversation Club. Duties include processing participant applications, facilitating placement tests, matching participants with tutors, creating tutor and student resources, planning lessons and assisting with training of new tutors. Students will observe illiteracy, both computer and language, in the Placentia community. Through one-on-one tutoring students will create and provide strategies to combat this growing issue. Training on theories and skills on how to address and teach English reading, writing, speaking and computer use will be provided. Training must be completed prior to being assigned for tutoring duties.

Requirements

Five month commitment that may include volunteer time outside of field study program. No prior tutoring experience is required. Flexibility, dependability, and positive attitude are essential. Must complete a volunteer orientation.

How to apply for a placement

Email the volunteer coordinator and express an interest in the UCI Field Study Program at Placentia Library. Complete a volunteer application available at:

http://www.placentialibrary.org/index.php?option=com_content&view=article&id=94&Itemid=163.

About the Organization:

Orange County Children's Therapeutic ARTS Center (OCCTAC) offers high-quality, comprehensive-multicultural curriculum and programs that combine arts, academics, and creative therapies to empower youth. Our vision focuses on empowering children and youth of limited resources and from diverse backgrounds through academic support, creative expression through the arts and parent education. We are committed to providing access to services for all children and families impacted by physical, cognitive, language, social, emotional or learning disabilities. We accomplish this in part by serving as a catalyst for expanded quality services and by developing new programs to fill identified gaps in the community. We continue to ensure that the foundation of the organization rests with committed and compassionate Board of Directors, staff and teachers, who are talented artists, musicians, educators and therapists. OCCTAC serves a wide variety of ages, from very young children and their parents to young adults.

✓ Weekend nights

About the Field Study Placement

Early Intervention Services for Older Adults Program provides isolated adults in Orange County with the opportunity to reintegrate into the community by incorporating healthy activities into their daily lifestyle and improving their quality of life. Participants are connected with activities that are custom tailored to best suit their specific needs and interests. services we provide:

- Short-term/ Mid-term life coaching and case management
- Access to various types of classes and support groups
- Transportation assistance
- Translation services
- Assistance with filling out applications and/or documents
- Periodic follow ups in regards to goals and/or referrals
- Referrals to community resources and follow ups to ensure that a connection was made. Such as:
- Home Visitations, etc.

Alternate Contact Rachel Hoeft; rachel@coreathletictraining.com About the Organization: CORE is a youth sports academy devoted to using sports to positively impact children's lives. At CORE, children fine-tune their sports skills in a fun and exciting atmosphere, while being exposed to important life lessons, such as good sportsmanship, teamwork, fairness, and appropriate peer interaction. About the Field Study Placement Students will connect and engage with children by teaching them sports and physical fitness. They will be asked to help build character, good sportsmanship, and interpersonal connections between participants. Students may also contribute to the basic operations of programs, including set-up, participating in activities, and explaining/leading games. Programs include: after school sports training at local elementary schools, youth soccer, baseball, flag football, or basketball trainin on Saturdays and Sundays; 11 week summer campus for children aged 3.5-11; and Mommy & Me programs children 2 years old. Students will aid in CORE's end of session/season surveys and contributed to CORE's ever-evolving coaching philosophy, values and techniques. We will train students on how we create, foster and promote positive growth within our participants. Students will learn how to break down and communicated advanced ideas and concepts to a spectrum of developmental ages. We will tearch students how our coaches apply various techniques (some psychological) to ensure kids are engaged, learening and having fun playing sports at CORE programs. Opportunites are avialable for students who have an interest in working with children with behavioral challenges. Requirements Background/livescan required. About the Organization:					
basic needs through studen	t empowerment, community col	s Hub is a student-initiated effort laboration, and institutional integ c needs, which include food and	gration. Our aim i	is to shift cul	tural

Mission: We understand that meeting the basic needs of our students greatly impacts their mental and physical health,

FRESH offers emergency food and toiletries, connects students to critical on and off-campus resources, and provides educational opportunities for students to take personal responsibility for their wellness and the well-being of their

communities. We are a home for all students, a collaborative space for innovative solutions, and an advocate for social justice

right for every person. We are committed to making UCI a basic needs-secure campus.

academic performance, work productivity, and holistic success.

About the Field Study Placement

To support the operations and planning for the FRESH Basic Needs Hub by engaging in research to understand the complexities of the issue of college students' basic needs insecurity, including food, housing, and financial insecurity. Support the organization's understanding of basic needs insecurity in higher education, recommends improvements to the current services/programs, and proposes new evidence-based interventions to address students' basic needs on campus. Special Projects: -Develop training materials and presentations for the FRESH Basic Needs Hub student staff -Research innovative interventions to basic needs insecurities on campus and beyond -Improve sustainability practices at the hub -Propose and develop new programs or services to meet students basic needs. Field Study interns participate in the quarterly new staff training at the beginning of the quarter, and are expected to participate in the monthly staff meetings where additional training on specific topics is presented. In addition, the field study intern gets paired with an experienced student staff to provide ongoing training and support. The following are important for the position: Time management skills/ability to juggle multiple responsibilities -People person who enjoys connecting with others -Friendly, courteous customer service skills -Able to maintain a positive attitude and diplomatic demeanor while working with diverse individuals -Ability to work independently and collaboratively

Requirements

and equity.

Executive Director of Community eponciano@law.uci.edu 949 824-9926 FAX 949 824-7336 Alternate Contact Brenda Rosas; bbrosa@uci.edu About the Organization: The Saturday Academy of Law (SAL) is a six-week educational pipeline program, offered on 6 consecutive Saturdays (during fand spring) for under-served students enrolled in the Santa Ana Unified School District (SAUSD). SAL's mission is to improve reading, writing and critical thinking skills, expose students to the field of law, and motivate them to achieve their higher education goals. The education component combines mini-lectures, interactive exercises and writing activities , while teach important First Amendment and free speech rights. Customized curriculum was developed, in keeping with curricular competencies for high school freshmen, to facilitate optim learning. Two credentialed SAUSD Social Studies teachers provide instruction and guidance, supported by UCI undergraduat UCI law students, and field study students. Each session serves 50 ninth grade students representing each of the seven SAUS		https://www.law.uci.edu/about/	public-se	ervice/public-int	erest/community-pr	✓ Weekda	ıys

teachers and submit a written analysis of their classroom observations.

Students collect participant data for UCI's Center for Educational Partnerships, which has implemented tools to measure learning outcomes, student achievement and program effectiveness. Reports can be generated from these tools to analyze the academic achievements of the students who have completed PAL and to tract admissions to college and eventually to law school. Field study students will attend SAUSD Board meetings and report three relevant topics of discussion back to the Program Coordinator.

Selected students attend a mandatory orientation and training session for all SAL volunteers including undergraduate teaching assistants, law school students and field study interns. The orientation and training introduces the program curriculum and is an opportunity for volunteers to network.

Requirements

Strong sense of professionalism. Familiarity and interest in youth empowerment programs for at risk-youth a plus! Spanish speaking preferred but not required.

How to apply for a placement

Complete the application available at: http://www.law.uci.edu/about/public-service/public-interest/communityprograms/sal/. TB test and Livescan required. UCI Law will cover the cost for the background check.
