Areas of law include administrative hearings for denial of government benefits, landlord/tenant problems, consumer assistance, and other matters that affect the poverty community. Offices and opportunities throughout LA and OC. About the Field Study Placement Students conduct initial telephone interviews with prospective clients while entering information into a case management database. As interviewers, students obtain personal, demographic, and financial eligibility information from the callers seel legal services. Students also gather adequate factual information to make an assessment of the nature of the case and type services sought by the caller. Students identify those callers with problems requiring advice that must first be reviewed an approved by an attorney and subsequently communicate the advice given by the attorney back to the caller. Students also provide referrals to appropriate and available legal services for callers with emergency problems. In addition, students maintain case notes, record instructions, and document the advice given by the duty attorney. Students are responsible for scheduling in-office and clinic appointments. Students also make appropriate referrals to Legal Aid's Lawyer Referral Service Public Counsel, the Public Law Center, and pertinent social service agencies.
